About Decca Software Company (Collections MAX)

With over 3 million lines of optimized .net code, Collections MAX continues to grow and evolve as one of the most widely used and downloaded debt collection systems today. Collections MAX breaks down the barrier that high priced niche debt collection software companies used to control. Their low cost software rivals legacy debt collection software in performance, features, and ease of use. Collections MAX is designed to save you money, while other debt collection software solutions are designed to cost you money. You will save a bundle on user fees, database licensing fees, support fees, maintenance fees, and data import fees by upgrading to your software.
