**Electronic Payment Providers<sup>®</sup>, Inc. Partners with Ontario Systems to Provide Integrated Payment Solutions.**

**Phoenix, Ariz. – October 20, 2008** – Electronic Payment Providers, Inc. (EPP), the national leader in on-demand payment solutions, was selected as a integrated vendor and provider of electronic payment services for Ontario Systems customers.

EPP will provide Ontario Systems and its clients fully integrated payment solutions that allow real-time acceptance of payments. Utilizing EPP solutions, these payments will be processed electronically, providing faster funds availability, better tracking and accounting, and a significant increase in NSF returns management efficiency.

*“Ontario Systems has been the leader in the receivables market for some time now. With integrated EPP payment solutions, users can accept every form of payment, establish payment plans and tie in transactions from Ontario Systems’ IVR and web application, all through a cutting edge, real-time interface,” says Scott McCollum, President of EPP.*

*“By working with an industry leader such as EPP, Ontario Systems’ clients can take advantage of on demand payment solutions such as online billing and other agentless payment channels in addition to traditional check and card payments over the phone. EPP is a comprehensive provider which brings real value to our client base while enabling users of the FACS and Artiva solutions to accept more payments,” said Casey Stanley, Ontario Systems’ director of Link vendor relations.*
